Eligibility for VA dental benefits is based on very specific guidelines and differs significantly from eligibility requirements for medical care. Combat Veterans may be authorized dental treatment as reasonably necessary for the one-time correction of dental conditions if:

- They served on active duty and were discharged or released from active duty under conditions other than dishonorable from a period of service not less than 90 days and
- The certificate of discharge or release does not bear a certification that the Veteran was provided, within the 90-day period before the date of such discharge or release, a complete dental examination
- Appropriate dental service and treatment indicated by the examination to be needed and
- Application for VA dental treatment is made within 180 days of discharge or release under conditions other than dishonorable)

Additional information is available at the nearest VA medical facility. Veterans can also call VA toll-free at 877-222-VETS (8387)
